Sen. Senator Abruzzo:

Ms. Bush has furnished me with answers to several of my questions.

I email you this request and mailed to the Tallahassee office. I realize you may be busy with session but I would appreciate a written response.

Is there a specific reason Sen. Abruzzo requested this exam? What do you consider proper procedures? Is there correspondence or complaints to your office that lead to your requested investigation. If not, it is a waste of taxpayer's money to proceed.

Looking forward to hear from you.

Thank You  
*Sincerely,*

*Dan Lewis*

Dear Ms. Bush:

Thank you for your response to my email dated, Wednesday, April 03, 2013 2:11 PM. I appreciate you responding.

The email was not mean to be a "message". It was an inquiry with several questions. I appreciate that the "review is just getting underway" but I would like someone to answers these question once the review has commenced or is complete. If you are not the party that can answer these questions who should I ask?

Thank You  
*Sincerely,*

*Dan Lewis*
